Brady has been doing our company functions for almost four years and I don't know I ever did without him! His variety of themes still amazes me and he never fails to amaze me with his creativity. His extensive wine knowledge has been very beneficial to the employees, and many claim to now be discerning wine connoisseurs because of their exposure to so many different kinds of wine. From the setup to the breakdown, I never have to worry that Brady has covered all the details, no matter how big or small. He gets my full recommendation!

INTEC

Periodically, Brady organizes a "Thursday Social" for our office. These events are theme based and emphasize the pairing of wine or beer with different kinds of foods. His wine and beer selections are always interesting and fun. His cheese pairings are particularly good. Sometime extensive prepared appetizers are served and they never fail to impress.

I have attended every single one of our office gathering which Brady (The Taste Network) has catered for us and thoroughly enjoyed each and every one. Brady's attention to details knows no bounds. The food is always fresh, tasty and elegantly decorated; and, the area is also decorated nicely to match the theme of the food. Another thing I really like is that regardless of the chosen theme, Brady always has something for everyone (i.e. some good wine for the wine drinkers when the theme is beers from around the world). I am really glad our company chose Brady and the Taste Network to be the only company that caters our socials.

Attending one of Brady's events is like visiting a different country! I find delicious wine, cheese and bread from all over the world. The deserts especially are fantastic. Brady is so knowledgeable about everything he serves, and he's always willing to share that knowledge with us.

Brady offers a HUGE selection of specialties and tailors the occasion according to the attendees. Every occasion with Brady is professional, well organized and informative. The occasions are not only sociable but educational to learn more about the goods worldwide.

TESTIMONIALS

“Brady is a remarkable, entrepreneurial individual who is passionate champion of wine appreciation and education. Brady's events are top-notch and smartly-run. Enophiles will appreciate the depth of his knowledge, while novices (such as myself) appreciate his ability to make wine accessible to the relatively untrained palate. Brady is a great provider both for corporate functions and high-end private parties.” 2007

“I have attended a wine and cheese/food-pairing event that Brady has hosted and I was very impressed with the event in its entirety. I hope that one day The Beer Connoisseur Magazine will be in a position to request Brady's help in organizing beer and food pairing events throughout the Atlanta area.” 2007

“Brady has been a pleasure to work with over the years. He is very detailed oriented and is my 1st recommendation when it comes to any food and wine related events. Brady knows more about food and wine/beer than anyone else I know and seems to have a perfect palate when it comes to pairing food/cheese & wine/beer together. I have been apart of and been to many of Brady's events and the client always seems to be more than pleased as well as anyone in attendance. Please hire his company for your next event, you won't be dissapointed.” 2007

“Brady has an incredible attention to detail and well-established look, format and foundation for his events. He can cater to any of his clients needs and set them at ease that the job will get done and get done right. All of the events I have worked or attended have gone off flawless and the client and attendees have raved about the wine, cheese, food and various displays. The events draw people in and create wonderful networking experiences for colleagues, new acquaintances and potential new clients. I would highly recommend Brady to any corporate company, business looking to host a great networking event, launch party and/or holiday event. Brady can think outside the box and potentially work with a diverse budget.” 2007
